

COVID-19 – We Are Open to Serve You

Yes, Aaron Machine Shop is staying open to help you stay open and working!

The unprecedented events of the COVID-19 pandemic affect everyone. At Aaron Machine Shop we are committed to the health and safety of our staff, partners and clients.

When you visit us, you will see several new procedures in place to keep our customers safe. What you may not see is that we've implemented a new rigorous daily cleaning routine for touchable surfaces in the entire shop, new employee stay-healthy policies, increased use of gloves and a host of other actions. We're taking this seriously so you can feel confident working with us.

There is one bit of bad news...we've stopped Mohammed from giving his famous bear hugs and hosting our monthly steak days until this has passed. Other than that, we are here to serve you as always!

Our staff is here to support you by phone and email. General inquiries can be asked through our contact form on this website, or directly at aaron@aaronmachineshop.com.

Our hours of operation are:

8:00am to 4:30 pm Monday through Friday

Saturdays 8:00am to 12:00pm.

For Emergency Service - Please call 587-896-7129.

Limited in person appointments can be arranged during regular hours on weekdays on an individual basis by contacting us at:

[4032552425 ext. 202](tel:4032552425)

Prior to coming in or scheduling any appointments, we ask that you consider the following:

- 1) Have you travelled in the last 14 days, or been in contact with someone who has travelled in the last 14 days?
- 2) Do you have high fever or flu like symptoms, including dry cough and shortness of breath?
- 3) Have you come into contact with someone who has tested positive, or is being tested for COVID-19?

If you answer yes to any of the above questions, we will be unable to receive you or schedule an appointment until after the required 14-day self-isolation period. We appreciate your assistance in helping to keep our communities safe and healthy and we look forward to assisting you in person as soon as we are able.

-The Aaron Machine Shop Team
